- Interchangeable with the most common platforms like AR-15, AK-47, HK MP-5, HK G-3, AR-10
- Quick change of barrels and calibers
- Fully ambidextrous
- Tool-free disassembly
- Semi-automatic, straight pull, full-auto and California options
- Existing parts like magazines, stocks and triggers can be used
- 30% less parts/production costs compared to an AR-15

**AR-15/AR-10  
Style**

**AK-47 Style**

**HK MP-5 Style**

**PAR-UNIVERSAL**

The PAR-Universal is designed to be the ultimate universal rifle

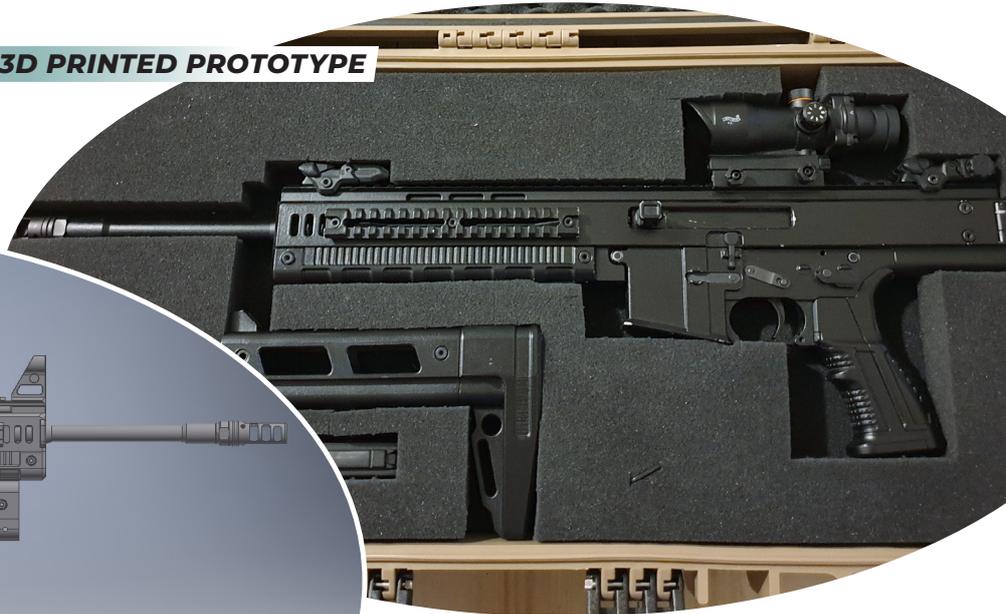

High precision & superior reliability at low production costs

With high quality parts made of hardened steel, alloy and space-age polymer

***It's unique design has everything you expect from a year 2022 rifle:***

- Modularity, rock solid simplicity and familiar parts
- Quick detachable, for easy carrying and storage
- Without gunsmithing, the user can even customize the PAR with his own accessories within minutes
- All interfaces are prepared to accept your favorite grip, triggers, stock, optics, mounts, rails
- M-Lock, Key-mod, Picatinny... whatever fulfills your needs
- The PAR-Universal is designed in Germany and the first prototypes were produced in Steyr (Austria)

**3D PRINTED PROTOTYPE**

**VARIOUS STOCK ADAPTERS AVAILABLE**
